# The art of camping

Welcome to the first 4 \*\*\*\* Outdoor Camp in Denmark. At Camp Møns Klint, we are eager for adventure, fantasy, and exceptional nature experiences but also a will and desire to discover and explore the unknown. Here, in the middle of the wild Danish nature, you will find possibly the best outdoor campsite in Denmark. At Camp Møns Klint you will find endless ways to realise your dreams of unique experiences in nature – both on-site and in the surrounding landscape. Staying at the scenic Camp Møns Klint is an attraction in itself. The undulating landscape with magnificent views across cliffs and sea, winding and undulating landscapes with pastures and forests was created during the Ice Age. Here, nature is experienced not only at close quarters; we also live in it.

A big part of being out and about in nature is to be astonished, to be amazed, and at the same time feeling connected to something much bigger than yourself. We practice the art of getting lost, so that we find our place in the world in the middle of the wilderness. We live in a hectic, modern ever-changing world. A world, where many children and adolescents grow up without ever getting the opportunity to light a fire, put up a tent, or pick wild berries in the forest. We need the wilderness. Countless generations have shared their stories over the crackling flames of the campfire while gazing at the night sky and the constellations. To some these experiences do not matter, but we think they help shape our understanding of nature.

WITH US, YOU CAN GET LOST – BUT YOU CAN ALSO FIND YOURSELF

## FLOWERS HERBS AND THE ROUTE TO NOWHERE

Welcome to a world of colours, welcome to our flower and herb field. It is located at the western end of the site behind the lake at the campsite. Pick a bouquet for your wife, your girlfriend or eat of the herbs straight from the field. But - if you want to enjoy the experience, you have to help with weeding and watering. Then wander thru the fields and forrest and find your route to nowhere. Dare to get lost and find yourself.

# The art of relaxing

At Møns Klint Country Houses, we offer several opportunities to guests wishing to spend a weekend or a full holiday. Going on holiday close to the sea is not only good for the soul, the blue frames make rich opportunities for great exploring in nature; hiking and fossil hunting along the cliffs, swimming and picnic on the beach, kayaking, horsebackriding and coastal fishing – or just to take a deep breath and enjoy the characteristic surroundings and absorb the many impressions.

All of our country houses have in common that they are widely spread across the picture perfect and natural heritage at the eastern coast of Møn. In these surroundings you find endless possibilities to carry out your dreams of outstanding outdoor adventures and exploring. All of the houses are completely their own, which makes it possible for our guests to choose the one that fits all of their needs and wishes. Here, it is an experience itself to live in the houses which carries their own unique stories, charm and accommodation.
